

We are seeking a 0.5 FTE EMS physician and 0.5 FTE ED physician to join our team at Aurora Lakeland Medical Center in Elkhorn, WI!

Position Highlights:

- 12 beds in the ED
- 30 EMS Services in the region, half under our Medical Direction
- The EMS/ED physician will do 0.5 of their FTE (about 65 hours/month) in the ED doing clinical shifts as an ED physician. The other 0.5FTE (about 65 hours/month) will be in the EMS role. All are 12-hr shifts.

EMS Responsibilities:

- Provide education to prehospital medical providers
- Develop, review, and educate prehospital medical providers on medical protocols and policies to optimize patient outcomes
- Develop and oversee quality assurance and continuous quality improvement in all aspects of prehospital medical care
- Maintain a presence in the field to provide patient care and to provide direct medical oversight of prehospital medical providers
- Serve as a liaison between prehospital medical providers, other healthcare providers, and members of the community & system leadership
- Participate in local, regional, state, and national committees & organizations as they relate to prehospital medicine
- Maintain knowledge & expertise in all areas of prehospital emergency care as outline in the Core Content of Emergency Medical Services as defined by the American Board of Emergency Medicine (ABEM)

About Elkhorn, WI

A small town escape from the big city

Elkhorn, located in southeastern Wisconsin thrives as a small, traditional "hometown." This rural city, located minutes from downtown Milwaukee and just 85 miles from Chicago's loop, boasts tree-lined streets, beautiful historical homes and an established downtown. It is a place to grow up, raise a family and retire in the context of a "caring community" exhibiting excellence in governance, education, recreation, health care, and civic activity.

City of Elkhorn
