

2018 Annual Meeting

The 2018 NAEMSP® Annual Meeting was held in San Diego. The program meeting committee was chaired by Timothy Price, MD with significant input and assistance of the program committee members. The annual meeting again enjoyed a new record attendance!

Preconference workshops included the NAEMSP® National EMS Medical Directors Course and Practicum, EMS Faculty Development, Advanced Topics in Medical Direction, Airway Management, and Preparing Your Research for Publication. A very successful new pre-con workshop on quality management was presented which was the culmination of a web based quality management course. Strong prehospital research presentations in both oral sessions and poster sessions accounted for portions of the schedule each day of the meeting.

Dr. Story Musgrave entertained and motivated a large crowd with a captivating keynote address that was one of the most memorable in years.

Committees met to conduct the real heart of the NAEMSP® functions and, as always, the meetings were open to ALL members who have an interest in any of the committees. Members are continued to be encouraged to get involved in the numerous active committees.

As always, some of the most significant and practice changing (and friendship challenging?) discussions were held during the several receptions, in the lobby and bar areas, and numerous fantastic restaurants in San Diego! We look forward to returning to San Diego on a regular basis.

The program committee got right back to work in February with the task of analyzing the 2018 meeting and the numerous member submitted ideas for the 2019 meeting in Austin. We believe that the schedule the committee has arranged will once again have something of real street value to every attendee!

Board of Director Mid-Year Meeting

The NAEMSP® Board of Directors held its mid-year meeting in Raleigh, North Carolina in June.

Future NAEMSP® Annual Meetings

January 10-12, 2019
JW Marriott Austin
Austin, Texas
