Addendum to Form C – Annual Chapter Report – 2020

1.) Our chapter held 2 meetings in the past year:

On November 13, 2019 we outlined and discussed our goals for the year. We determined that we should include the following: Increase educational offerings for the Ohio chapter members regarding EMS issues unique to Ohio, increase our chapter's involvement in the national organization, support and enhance the cardiac arrest registry (CARES) in Ohio, develop a closer working relationship with Ohio ACEP particularly in regard to EMS advocacy, consider establishing a chapter dues structure and develop an educational brochure for Emergency Medicine residents to acquaint them with EMS Fellowships

On January 10, during the national meeting in San Diego we reviewed our progress to date regarding our goals:

- Received a report from Michael Snyder, Ohio CARES coordinator regarding current status and suggested specifics about support from our membership
- Received a report from Lynn White MS, FAEMS new professional member of the NAEMSP Board of Directors about goals of the national organization. Lynn was awarded the Ron Stewart Award later in the conference!
- Received a report from Doug Gallo, MD, FAEMS about new online educational materials for EMS available to members that he is developing
- Reviewed a draft brochure developed by Matthew Ball, MD (Ohio State EMS fellow) and B. Woods Curry for Emergency Medicine residents regarding EMS fellowships
- Received a report from Paul Zeeb, MD, FAEMS regarding our relationship with Ohio ACEP and future collaboration including appointment of liaison member to ACEP EMS committee and sharing of resources especially regarding advocacy
- Established a dues structure for both physician and professional members to support the work of the chapter

2.) Since our last meeting the corona virus pandemic has challenged us to begin developing online options for meetings and updates which we are doing now. Our next meeting is tentatively set for November in conjunction with the Ohio EMS Medical Directors Conference in Columbus but developments in the next few months are being watched closely in this regard.

Douglas A. Rund, MD, FAEMS, President, Ohio Chapter NAEMSP – July 1, 2020
