Chapter Meetings During the Year

NAEMSP (San Diego) January 2020
 TCEP (Chattanooga) March 3, 2020
 Zoom Update June 25, 2020

Chapter Accomplishments:

Nobody died from COVID!
 We came together and have completed 2 best practice documents for the state regarding the COVID crisis. This has improved dialogue within the chapter and general discussions of EMS medicine across the state.
 We joined with the state ACEP chapter annual conference for our spring meeting. This has fostered a relationship which may provide a mutually beneficial platform for discussion and education in the future.

Future Goals:

Develop further mechanisms to both develop and better disseminate best practice documents. 3 more documents are in development. Utilize these documents to improve visibility, as well as to bring in additional EMS leaders to discuss and improve EMS medicine across the state.
 Improve integration with the state to cooperate on development of the documents as well as to function and/or be recognized as an "official" advisory body.

Attach any educational program material, media coverage, etc.
