The EMS System Medical Director is the principal medical authority for the EMS System. A statutorily mandated position to provide ambulance services, the Medical Director is responsible for oversight of all clinical care provided within the system. Primary functions include off-line medical direction (including the credentialing process), collaboration with system healthcare partners, administration of the division, and on-line/field practice of medicine.

## Off-Line Medical Direction and Clinical Oversight

- Serve as the principal medical authority for the EMS System
- Develop, review and periodically update medical protocols and medical procedures in conjunction with EMSS system partner organizations
- Develop the medical response profiles for all EMS System agencies
- Facilitate the development and delivery of continuing education programs for EMS responders and System Level Clinical Education
- Provide medical direction, coordination, and oversight for EMS System quality assurance/improvement programs.
- Be the sole authority for all oversight of verification of participating provider competency and provider credentialing

## Collaborate with System Healthcare Partners

- Primary contact person for community physicians and clinical leadership.
- Primary contact person for the Medical Society of Sedgwick County
- Solicit input from healthcare partners to develop clinical changes within the EMS System
- Facilitate partnership within the healthcare multidisciplinary collaboratives
- Report system performance to stakeholders

## Administrative Direction of the Office of the Medical Director

- Manage the budget for the division
- Comply with assigned director level tasks from the Managers Office, HR, budget, etc
- Provide supervision and accountability for personnel within the department
- Performance evaluations, disciplinary actions, personnel development, etc

**Minimum Qualifications:** Doctor of Medicine or Osteopathy, Emergency Medicine Board Certified or ten (10) years of demonstrated experience in the Practice of Emergency Medicine, Kansas Medical License.

**Preferred Qualifications:** Doctor of Medicine or Osteopathy. Five (5) years of EMS Medical Direction. Emergency Medicine Board Certification, EMS Fellowship, EMS Subspecialty Board Certification.
